1. John Bross spoke to me this morning about our [REDACTED] paper. General Carter is concurring in this paper since we are merely requesting his approval in principle and the implementation of the recommendation will be dependent upon the availability of funds in Fiscal Year 1964 and subsequent years.

3. Ernie also said that General Carter did not wish to make a formal speech at the Personnel Officers Conference [REDACTED] and would prefer not to get involved at night. After some discussion, I asked him to suggest to General Carter that he come down for the "Happy Hour" and stay for dinner on 16 May; however, I emphasized that we would be happy to have him at any time and would arrange the schedule to suit his convenience.

Alan also alerted me that I might be hearing from [REDACTED] Apparently, for the last several weeks [REDACTED] has had his secretary picked up in the morning and delivered home at night in one of our motor pool cars. Alan has advised Walt that he cannot continue to do this unless he gets permission from the DD/S or the Executive Director.
